

Technical drawing of a circular part. The drawing shows a circle with a center point. A vertical dashed line and a horizontal dashed line intersect at the center. A horizontal line segment with arrows at both ends is drawn across the circle, passing through the center. The length of this segment is labeled as $\varnothing 4,5$. A vertical line segment with arrows at both ends is drawn on the right side of the circle, perpendicular to the horizontal segment. The length of this segment is labeled as $\varnothing 4,5$. A 90-degree angle is indicated at the top of the circle, between the vertical dashed line and the horizontal segment.
